

**Many looks. And all of them are beautiful: HANSACUISINE.**

 **HANSA**  
experience water

HANSACUISINE shines in every respect: the faucet series with the clear, simple shape is available in many variations. So you choose exactly the right one for your type of kitchen and requirements.

Especially practical: HANSACUISINE with pull-out spray head can be simply removed from the base for easy cleaning. A selfsealing connector ensures that the swivelling spout is seated securely.

Added convenience in the kitchen: HANSACUISINE is available as a pull-out or pull-down version. To assist you even more while cleaning, the stream can be changed at the push of a button.
