HANSARONDA creates urban elegance

NORCROSS, Ga. (April 2009) – The **HANSARONDA** embodies freedom as the open spout allows the water to display itself clearly and freely. Its urban elegance offers a complete bathroom collection that adapts perfectly to functional surroundings.

The faucet resembles the look of a modern fountain, outwardly enclosed and geometrical, inwardly free and primal. **HANSARONDA** epitomizes versatility. The diverse array of options includes the **HANSAFLOW** laminar stream and a classical glass handle.

The **HANSARONDA** is equally adaptable and installed in residential homes, hotels or plush public facilities. The uncommonly comprehensive **HANSARONDA** bathroom collection features faucets for the shower and bath, as well as a wide-range of accessories including soap dishes to shower bars.

For more information on the **HANSARONDA** or other Hansa products, call 678 334 2121 or visit www.hansa.us.com.
